

Bicycle acrostic competition

All pupils entering the acrostic competition need to think of sentences about how to keep safe on their bike, using the first letter of each line of the acrostic, like the sample below:

Brake safely - use both brakes together

In wet or icy weather, slow down!

Check your bike is safe before you set off

You should always wear a cycle helmet

Carry luggage safely - Never on your handlebars!

Look behind and around carefully when turning

Every time you go out make sure you can be seen

... Be bright!
