TRANQUILLISERS

Tense nervous?

Tense nervous?

Tense nervous?

Calming... **chilling**...

calming... chilling

HAPPY

driving along

happy,

no worries

watching the
world pass on by

slowly...

pass on... by

by... **SLEEPY...**

pass... on...

by... by... **BYE!**

Like booze,

benzodiazepines

relax the system,

slows down reaction

times, put you to

sleep in large doses.

Mixed with alcohol,

they can be fatal.

Disorientation, poor

co-ordination, increased

likelihood of a crash.

¥ Penalties for use ~

5 years imprisonment

and/or a fine and/

or losing your

driving licence.

CANNABIS

Sloooooowly
does it
having...
fun...

re - act - tions

Sooooo cool

by the time...

(tick tock, tick tock...
wow, look at the clock!)

....you break,

it's a quarter-past

TOO LATE....

Like booze, is a drug that relaxes and slows down reaction times.

Taken with alcohol, the effects become even more severe.

Poor co-ordination, disoriented, paranoia, impaired judgement.

After-effects can continue for a few days after use, depending on how much is smoked.

¥ Penalties for use ~
2 years imprisonment
and/or a fine and/
or losing your
driving licence.

HEROIN & MATHADONE

Car so warm

Why car?

Drive... going...

somewhere

fo cus

MUST

fo cus.

Warm Sleepy

road moving

I'm moving

all moving

lights... are

SOOOO PRETTY.

Pronounced
disorientation,
difficulty staying
awake, severely

impaired judgement.

May start hallucinating.

After-effects include
exhaustion, irritability,
withdrawal pains,
depression and falling
asleep at the wheel.

¥ Penalties for use ~

7 years use

imprisonment and/
or a fine and/or losing
your driving licence.
